# GREAT BORDEAUX WINES

## Our vineyard in Dardenac, “Château Haut Meyreau”

Our family estate is stretching over one of the greatest wine producing area, in the “Entre-Deux-Mers” territory, close to the village of Saint Emilion, in Dardenac.

This geographical location enables us to benefit from unique weather conditions and a soil that has the potential to produce excellent grapes. Our commitment to high quality is based on soil and growing control for an optimum productivity.

Our vineyard dates from 1802, whereas we have been responsible in wine growing since 1976.

The owner of the S.C.E.A Château Haut Meyreau estate is Jean-Pierre DEROUET.

## Our family group expresses today its originality and its specificity.

As time goes by, our winery has grown. From 5 acres in 1802 and progressively until 2008 to 62 acres, it has become a middle-sized Bordeaux vineyard.

To produce our great Bordeaux wines, we are growing 3 grape varieties: Merlot and Cabernet franc (52 acres) and Sauvignon (10 acres) which are used to produce our red wines and Sauvignon grape for white dry wine.

We bring a special care to our wine growing matching the tradition with more modernized techniques so that we can compete with great noble wines of Bordeaux.

And today we are proud to propose our range of AOC Bordeaux “Château Haut Meyreau” which is composed of 8 wines:  
1 white, 1 rosé and 6 red wines.

## **Our merchant winery, « Haut Meyreau »**

Our warehouse in Dardenac is equipped of a bottling chain which allows us to bottle wines coming from our secondary trade activity. This other range of wines is aimed to satisfy a growing demand.

We have been a wine merchant since 1998 and have built a warehouse of 700m<sup>2</sup> to increase the volume of productivity and to produce wines with our brand named "Haut Meyreau" in optimum conditions.

The "Haut Meyrau" range is submitted to our proper selection measures so that we can guarantee the quality of the following wines :

- 'Haut Meyreau' (white dry, rosé and red)
- 'Chardonnay' Vin de Pays d'Oc ( white country wine)
- 'Merlot' Vin de Pays d'Oc (red country wine)
- 'Haut Meyreau' Mousseux (sparkling wine)

This range is not limited in quantites and can be produced according to demand.

## **Our partnership with wine growers**

To propose other appellations, we have chosen to work together with selected little family wine growers who are producing Bordeaux wines .

Thus, we can propose about 15 other wines with different appellations, like Saint Emilion, Medoc, Fronsac, Graves etc...

Those partners are fully-fledged and they have committed themselves to provide us constantly with their best quality wines and to offer us exclusive rights on them so that they can't be find anywhere else .
